PROFESSIONAL SUMMARY

I am a skilled Mobile Developer who has around 2 years of experience with Flutter Hybrid Mobile App development. If you are looking for a highly skilled and rich experienced mobile expert with a deep knowledge, a professional attitude, excellent communication skills and the highest code quality, then I'm the person looking for. Over the last 2 years I've built many apps of several fields for Flutter apps. Principles As a freelancer, take great pride in making sure all of projects are up to client's satisfaction, all deadlines are met and quality assurance is carefully considered. Place customer satisfaction above all, and will bend over backwards to ensure customer satisfaction. In addition, promise to always deliver honest and speedy services.

WORK HISTORY

Flutter Developer, 09/2023 -Current
Aptechmedia -Islamabad

In this firm I learned and implemented a lot of things such as google maps, firebase and Api integration using state management.

- Used Rest Api.
- Getx and Provider state management.
- Design Ebank app using getx state management with proper MVC architecture

- Ability to easily build custom build flavors utilizing Gradle.

Flutter Developer, 02/2023
Excellence Delivered -Islamabad

Global Travel app in which have 2 panel. One is user panel and other one is admin panel:

- Completely re-architected baseline to utilize modern features including reworking UI to utilize material design concepts.
- Modified entire code baseline to eliminate inefficiencies and reduce app size and eliminate bugs. -
- Supported other team members' initiatives by developing solutions to common problems and sharing those solutions.
- Using Firebase firestore for database in this App
- It is generally arranging a global tour for Users.

Flutter Developer, 02/2022
Soltridge -Islamabad

I have made two app in this duration which is Soltridge Recruitment App and Cricspotter App.

- Designed, implemented, and tested Flutter and Dart code using Getx pattern for IOS, Android and Web.
- Soltridge recruitment app use to hire people and it is a recruitment which have multiple jobs.
- Cricspotter app use to arranging the cricketing matches
- Developed code using Native programming or XP paired programming practices.
